

Name	CHILDREN'S COMMUNICATION CHECKLIST-2 (CCC-2)
Purpose:	CCC-2 is designed to capture children with oral and pragmatic language disorders, and can also provide indication of possible autism spectrum disorders
Short description:	Children's Communication Checklist, Second Edition (CCC-2), is an instrument for assessing the oral and pragmatic language skills in children and adolescents. The instrument provides information about how the child actually uses his language in everyday life, which is not always clear or easy to capture by testing with traditional language instruments
Academic area/skills:	Assessment of oral and pragmatic language skills in children
Target group:	4 to 16 years
Survey method:	Individual. Checklist for parents or others who knows the child well
Standardization:	Norwegian norms
Adapted/non-adapted to Norwegian conditions:	The Norwegian version of CCC-2 has Norwegian norms based on 731 Norwegian children. The norms cover the age range 4:0–16:11 years. CCC-2 is translated and adapted to Norwegian conditions, and the checklist itself is available in both Bokmål and Nynorsk
